PROFESSIONAL SUMMARY

Computer Science student with experience developing object-oriented applications using C++. Strong foundation in problem-solving, debugging, Git version control, and software development practices. Seeking opportunities to continue developing technical skills through academic and personal projects.

TECHNICAL SKILLS

Programming Languages: C++, HTML, CSS

Software & Tools: Visual Studio, Git, GitHub, Microsoft Office

Technical Concepts: Object-Oriented Programming, Classes & Objects, Functions, Loops, Input Validation, Debugging, Version Control, Pull Requests

TECHNICAL EXPERIENCE

Current Course Project

- Developed a C++ console application using object-oriented programming.
- Implemented multiple classes, functions, and user input validation.
- Used Git and GitHub for version control using commits, branches, and pull requests.
- Tested, debugged, and refined the application through iterative development.
- Created technical documentation and a project demonstration.

PROJECTS

Weekly Meal Planner

This program is a meal planner for busy parents. The program helps to plan and keep track of daily dinners. Users can add, remove or customize their weekly meal plan. There is also a list of preset meals that can be added to your personal plan.

Technologies: C++, Visual Studio, Git, GitHub

Repository: <https://github.com/username/project-name>

EDUCATION

Full Sail University

Bachelor of Science in Computer Science

Expected Graduation: Month Year

Relevant Coursework:

- Programming Fundamentals
- Object-Oriented Programming
- Software Development
- Version Control

EXPERIENCE (OPTIONAL)
